Practical information

Currency
The krone (DKK) is the official currency of Denmark. Some of the larger shops, hotels and restaurants may accept Euros as payment. However, this is not the norm. Credit cards such as VISA and Mastercard are generally accepted by shops and the city center has several ATMs.

Weather
The weather in Denmark can be quite unpredictable in June, changing abruptly from sunny to rain. It can be a bit windy. The temperature is rarely below 13 °C (55 °F) or above 25 °C (76 °F).

Food:
Lunch, water, coffee and tea during the workshop and dinner Thursday are included. Depending which hotel you choose, breakfast will typically be included (but consult the hotels homepage). Otherwise, breakfast will typically be around 100 DKK (€14) at a café or restaurant.

For dinner Thursday, we will go out to a local restaurant.
