- Zhou, B. (Aalborg University) Creative Tourism and Digital Technologies in Chinese Museums
- Ruas, A. (IFSTTAR, France) Analysis of digital service model to the person
Lissandrello, E. (Aalborg University) *Co-production through technologies? Lessons from Mobility Urban Values (MUV 2020)*

15:00 – 15:15 – Coffee break

16:15 – 16:30 Coffee break and goodbye

---

**Guidelines for Presenters**

The Conference Humanification of the City wants to establish a new community for discussion and exchange along the themes on governance and participation and the evolution of these concepts. Presenters are therefore invited to keep the concept to 10/10. This means that presenters have 10 minutes to present 10 slides.

The idea is to concentrate on the core ideas of your presentation for discussion with the aim to create intense engagement and lively discussions. The sessions will have a chair who will act as a discussant to facilitate exchanges between the presenters and the audience.
