

New Venture Creation and Corporate Entrepreneurship (30 ECTS semester specialisation)

*If you are interested in becoming an **entrepreneur, innovator or business developer**, then Aalborg University has two unique offers for you:*

Get 30 ECTS for starting a company by joining the **New Venture Creation** semester to build - or further develop - a start-up. Whether you already have a business idea, a company - or just want to join a passionate team - this program will provide you with a real-life experience in entrepreneurship through learning-by-doing in a step-by-step process. Read about successful student ventures and learn more about the program here:

www.nvc.aau.dk.

OR

Get 30 ECTS for innovating a company by joining the **Corporate Entrepreneurship** semester where you develop new business activities for an established company. We provide the company - you provide the competencies. Previous case companies include NORDJYSKE Medier, Arla, Telenor and Bentax. Discover more about the program here: www.ce.aau.dk.

How to get enrolled:

To get enrolled, you need to have successfully completed a bachelor degree in any study field. All activities are in **English** and both programs run from **September to January** and only in **Aalborg**.

How to apply:

To apply or read more, please visit the program websites: www.nvc.aau.dk or www.ce.aau.dk
