Visitors Workshop  
Programme  
Fall 2020

The Aalborg PBL centre organises two times a year a visitors’ workshop. This two-day workshop aims to introduce PBL principles and the Aalborg PBL model to international participants and academic staff.

In the fall 2020, the visitors’ workshop will be fully online and it includes asynchronous preparation and synchronous activities (i.e. the workshop). Three weeks before the workshop takes place, we provide participants a selection of online material that they should go through as preparation. The workshop activities take place on November 12-13. They include small group exercises, discussions and presentations focused on teaching and learning approaches connected to the PBL principles and AAU PBL practice.

The workshop programme is below. Participants will receive information about the platform, preparation material and further instructions by email.

<table>
<thead>
<tr>
<th>Day 1: Nov. 12</th>
<th>Session &amp; time</th>
</tr>
</thead>
</table>
| Morning (9:00 – 11:45) | • Welcome and introduction (9:00 - 10:00)
